

Dear parents,

we hope everybody is still fine and you still manage the challenging circumstances in these days.

We`d like to thank you for your patience and support of this very special situation! Nearly all packages with the learning materials were picked up last Wednesday and we can see in the „Anton-program“ that a lot of pupils have started to work on it. The ongoing school closure up to April 19th 2020 forces us to think of different ways of correcting given tasks. At the same time we have to find new ways to hand out new materials. That means that we create email-class-accounts and find out possibilities of digital communication. Please do control during the weeks to come your mails and visit our homepage.

At the same time we have to stay in touch with these pupils who haven` t got the chance to use digital media.

We surely support pupils with learning skills depending on their age and abilities. To stay in good contact with pupils and give them the support they need, we will widen the possibility to reach our staff via telephone daily from 9.00am - 12.00am. Please note: it might be possible that you don` t reach a member of staff straight away. Some of the colleagues are ill themselves or have to take care of their own children or members of their family. In case you can` t reach a member of your classteam please contact us per mail or ring the school reception bureau. We try to keep the bureau open from 9.00am - 12.00am.

Up to now we only had to take care of one child that couldn` t stay at home. Nevertheless we have got an emergency plan in case pupils have to be taken care of at school. You then have to hand in a note the day before you need to send your child to school until 6.00pm because we have to organize someone to look after your child. Please use the mailbox of the Aueschule.

We send you all the best wishes and hope everybody stays healthy and in good moods!

Yours

Wiebke Jäger and Sylvia Hoyer
